Dear Member of our TNEB Family,

Greetings to you . At the outset, I welcome you all to the 'one TNEB family' which comprises of all cadres from both the Serving and Retired categories irrespective of the wings such as Technical, Accounts, Secretariat and Administration etc., though each of them are having their own Unions/ Associations for addressing their grievances .

For our TNEB family member, his/her works are always recognized by our Management at all times . But, with in our individual family, are we doing such kind of Recognition to our individual family members ? especially to the Better-half and to our children who really need some sort of bonding as we don't spend time with them and really miss them when they need us even-though they are the Backbone of our success in our profession .

Similarly, we have been working as colleagues & may know each other for several years .But we don't go close to know about their families, children etc.

Yes, there is a missing link .

The link www.tnebsankar.in not only attempts to overcome the above missing link, but also tries to bridge the gap . So, let us make use of it in a better way.

With Regards,

S.Sankara Narayanan,
